Manufacturer	Description			
	Domestic & commercial wastewater pumps			
	Variable Frequency Drives Motor controllers Simplex, Duplex, Triplex Pump Controllers			
	* ASME Air separators * ASME Hydr. Heat. Exp. Tanks * ASME Thermal Exp. Tanks Triple Duty Valves/Suction Diff		Resid. EXPANSION TANKS Resid. HYDRO PNEUMATIC TANKS Resid. THERMAL EXP. ABSORBERS	
	Engine Driven Pumps Trash Pumps Drum & Fuel	Self Priming Pumps Gear Pumps Oil / Petroleum	Submersible Pumps Rotary and Piston Coolant Pumps	
	HVAC – Hydronic Balancing Terminator A Automatic    Terminator B Manual    Strainers Unions    Coil Hook up Packages    Valves    P&T Ports & Test Kits			
	Low H2O & Ultra Low H2O / Eye Catchers / Low-H2O fin tube elements Deco radiators / Oxygen Hybrids			
	Filtration Systems Automatic and Manual 2 – 500 micron			
	Deep Well Pumps Close Coupled Vertical turbine pumps for any application. Submersible Turbine Pumps API 610 Vertical Pumps			
	Patterson Flo-Pak® Variable Speed Pumping Packages Pressure Boosting.			
	InLine Pumps Horizontal Split Triple Service Valves Expansion Tanks WEB Equipment Design	Base Mounted ES Pumps Close Coupled ES Pumps Balance Valves Heat Exchangers System Packaging	Vertical Inlines Suction Diffusers Air Separators Flexible Connector	
	Plate & Frame Plate & Shell	Brazed Plates
